Dear Dr. Galvani:

The purpose of this letter is to confirm that you are a customer in good standing of our laboratory and have been so since October, 2007. We are a clinical laboratory that provides elemental testing, amino acids analyses, and comprehensive stool analyses to practitioners world wide and we are pleased that you have chosen us as your supplier of such testing. Our long association with healthcare practitioners in Italy makes us particularly pleased that you have become an authorized buyer and seller of our testing.

Distinti saluti
